Experience

Saylani IT and Welfare Trust

2023 - 2024

I have one year of experience in web designing at Saylani IT Trust. During this time, I honed my skills in HTML, CSS, Bootstrap, JavaScript, and Oracle Database. My role involved creating visually appealing and user-friendly web interfaces

I am a skilled programmer with expertise in C++, HTML, CSS, Bootstrap, JavaScript, and Oracle Database. I have one year of experience in front-end development and basic programming. Additionally, I have experience in gathering requirements for software development projects.

I have six months of experience teaching the C++ language. This role allowed me to deepen my understanding of C++ and enhance my communication and instructional skills. I effectively conveyed complex programming concepts to students, helping them develop a solid foundation in C++.
